

A photograph showing four children's drawings on easels outdoors. The drawings are on a paved surface with green bushes in the background. The first drawing on the left is abstract with blue and red swirls. The second drawing shows a palm tree and a sun. The third drawing features a green landscape with a heart. The fourth drawing is a simple line drawing of a person. A large green leaf graphic is overlaid on the left side of the image.

**9 de agosto.**

## **Día Interamericano de la Calidad del Aire**

- The main objective of the celebration of the Inter-American Air Quality Day is to raise public awareness about the importance of good air quality, as well as to point out actions to prevent and reduce environmental pollution.
- At Ocean Maya Royale we support the awareness of the population for the care of the environment by promoting it with creativity and feeling.

## 9 August. Inter-American Air Quality Day

- La celebración del Día Interamericano de la Calidad del Aire tiene como principal objetivo concientizar a la población sobre la importancia de la buena calidad del aire, así como señalar acciones para prevenir y reducir la contaminación ambiental..
- En Ocean Maya Royale apoyamos a concientizar a la población para el cuidado del medio ambiente impulsando con la creatividad y sentimiento a la misma
